Accommodation

City School of Languages places students in homestay accommodation throughout the year. It is compulsory Under16s to be placed with host providers on a full-board basis unless other arrangements have been specified by the parent/guardian in writing. All other arrangements need to be authorised by the Academic Manager. All host providers who host under18s will be required to take a DBS check or provide evidence of an up-to-date DBS check. There should be no more than two Under18s sharing a bedroom unless otherwise specified in the booking. There should also be appropriate privacy from members of the opposite sex. If the host provider has a child, it is the DSO's responsibility along with Safeguarding support staff to ensure that the child hasn't been forced to give up their room and is resentful.

City School of Languages does not keep photocopies of host provider DBS checks on record. The Welfare and Accommodation Officer will however ask the host provider to see the DBS check (ensuring that there are no convictions present) and will keep a database of the important details that do not break data protection laws.

'A responsible adult will always be present overnight and normally present when younger students are at home' Care of Under18s: Guidance for ELT providers (EnglishUK) 2004

All host providers who host under18s are made aware of this before the hosting period. It is also the responsibility of the host provider to provide details of journey arrangements when Under18s are making a journey to and from City School of Languages. It should be noted that city School of Languages will make inform students of the journey plans if specified in the booking.

Transport

Our Welfare and Accommodation Officer at City School of Languages should ensure that any mini bus/coach companies have been sufficiently vetted. The school's regular taxi company has been DBS checked. If in doubt, please ask our Welfare and Accommodation Officer for evidence. All taxi drivers are aware that any problems regarding Under18s which occurs during any journey, needs to be reported to the Welfare and Accommodation Officer immediately.

Child Protection

City School of Languages meets its child protection policies by regular policy and procedure reviews and staff training

City School of Languages:-

- Ensures that staff have carried out basic level 1 safeguarding
- Ensures that management have carried out level 2/ level 3 safeguarding training
- Ensures that all staff members are aware of the DSO at City School of Languages and what to do if they have any doubts or concerns
- Ensures staff act on City School of Languages procedures regarding under18s reporting any incidents of abuse
- Ensures that students are made aware of rules and regulations that may affect them
- Ensures that host providers are aware and adhere to the rules and regulations set out by City School of Languages

What is child abuse and neglect?

It is your duty to report any signs of abuse

There are four main types of child abuse: Sexual abuse, physical abuse, emotional abuse and neglect.

Physical: through hitting, shaking, squeezing etc.

Sexual: through inappropriate physical contact, the taking of indecent images of children, or the encouragement of sexual activity by children for the purpose of adult gratification.

Emotional: through persistent lack of affection, unrealistic adult demands, verbal bullying including cyber-bullying

Neglect: Failing to provide basic needs of food, proper clothing, safe supervision

Identifying Child Abuse

It can be difficult to identify child abuse as it has various forms. Below are some typical indicators to watch for:

- Unexplained injuries
- A child describing an abusive act that has happened to them
- Another child telling you of their concern about a friend/fellow student
- Sexually explicit behaviour in games/activities
- Serious distrust of adults
- Difficulty making friends/socialising with other children

You may become aware of a child abuse concern in a number of ways:

- From the child telling you themselves
- From another person (adult or child)
- From observations of the child's behaviour
- From visual signs, e.g. injury

How to react if you suspect child abuse

- If you notice any physical or behavioural signs, tell Ismara (DSO)

- If you suspect an adult is a threat to a child in some way tell the DSO or management and continue to monitor the situation
- If a child tells you they are being abused react calmly, as described below. Then contact the DSO.

A child telling an adult

Remember, your students may feel more comfortable talking to you rather than the DSO or managers so please remember the prompts below to ensure you respond correctly.

What to do

1. Stay calm
2. Listen, hear and believe. Treat the matter seriously
3. Reassure and explain that they have done the right thing in telling you. Explain that only those professionals who need to know will be informed.
4. Act immediately in accordance with the procedure in this policy
5. Record in writing as soon as possible what was said.
6. Report to the Designated Safeguarding Officer (Alex).

What not to do

1. Don't panic. Don't over-react. It is extremely unlikely that the participant is in immediate danger.
2. Don't probe for more information. Questioning the child may affect how their disclosure is received at a later date.
3. Don't promise confidentiality to keep secrets or that everything will be ok (It might not)
4. Don't try to deal with it yourself.

The DSO will then ensure that, where necessary, the child receives appropriate medical attention and/ or protection. The DSO will liaise with management and discuss whether a referral to the Local Authority Designated officer (LADO) is necessary.

Bullying

City School of Languages does not tolerate bullying of any kind. Bullying can be identified as the deliberate and repeated act of causing another person to be unhappy. Bullying can take many different forms; it may be physical, emotional, name-calling, showing a lack of respect for another's property, excluding somebody from a social group; there are many possibilities. One person 'having a joke' is another is another person suffering bullying. Sometimes it is obvious, sometimes it is done subtly and in such a way that children will be worried about telling staff what is happening. For this reason it is vital that staff are vigilant in noticing changes in behaviour of children, particularly if they become withdrawn.

Please follow the guidance laid out in the table above if you suspect or are made aware of bullying in the school.

Keeping records

All issues that have arisen need to be reported and resolved immediately. A report should be drawn up, inspected by the principal and DSO and then filed. All issues are filed for five years before being archived. Only management and the principal have access to this folder.

Training

Updated March 17th 2023 – To be Updated March 17th 2024

The DSO will ensure all staff are trained to Safeguarding level 1 and will keep records of staff training and levels. Training will be conducted as part of induction and all staff will partake in refresher training workshops twice a year, usually preceding the arrival of our summer groups and at the start of the academic year. All staff will receive a copy of this policy.

Safer Recruitment

Overview

Our commitment to safer recruitment applies to all staff, homestay providers and outside agencies. The Safeguarding Policy is distributed in every classroom and there is a Safeguarding Policy in each teacher register.

Recruitment materials and procedure

When recruiting for a position that involves significant contact with children City School of Languages operates a comprehensive recruitment procedure that includes:

- Completion of a self-disclosure form, which requires any applicant to declare past offences
- Verification of identity and eligibility to work in the UK
- Verification of professional qualifications screening via the Disclosure and Barring Service (DBS)
- Two references, including one regarding the applicant's most recent post working with children to be followed up with telephone calls.
- A complete employment history with a reasonable explanation for gaps

Staff who are due to work with children but whose disclosure has yet to arrive will be required to sign a self-declaration form and their access will be limited and supervised.

Implementing Safeguarding

Use of risk assessments

City School of Languages encourages students to practice English not only in the classroom but in an everyday environment in the form of English Out There™ which is practiced by all teachers every Friday morning. In order to protect under18s and adults, risk assessments are drawn up by teachers. Risk assessments need to be signed by the teacher, Academic Manager or the Student Support Officer. Activities arranged by the Activity Coordinator also need to have risk assessments which are then signed off by the Academic Manager or the Student Support Officer. All risk assessments need to be filled appropriately and also taken with the responsible adult as a reference point. Under18s need to be brought back to the school at the end of English Out There™ as a point of monitoring. Risk assessments are updated and reviewed on a case-by-case basis.

Supervision Ratios

In accordance with British Council and the Independent Schools Inspectorate guidelines, City School of Languages follows the ratio of 1:20 when supervising children aged 12-17 and 1:15 for those 12 and under.

Welfare Provision

Ismara Antunes is primarily concerned with student welfare and designated DSO for under18s.

City School of Languages offers:

- A separate induction for juniors and young adults.
- Follow up emails inviting young adults to a welcome event hosted by a member of the welfare team.
- Registers highlight children's age
- Access to City School of Languages Online where students can make appointments with the Welfare team.
- A dedicated teenagers social programme.

Transporting Children

The transportation of children will normally be the responsibility of parents, or authorised coach or mini-bus drivers.

- Make sure all passengers wear seatbelts.
- Ensure that staff transporting children have appropriate licence/insurance
- It is inappropriate for adults to offer lifts to a child/young person outside their normal working duties (I.e an emergency situation), unless this has been agreed by the parents and the activity designated person.

Trips and tours

Staff must always remember professional boundaries

- Ensure that they do not work alone with children when on trips
- Undertake the formal risk assessments for such trips and follow specific guidelines for trips and tours.
- Ensure that parents/carers are fully informed of the activities and the conditions of the trips in which their children will be involved, and have given formal consent.

Safeguarding Certificate

All staff, paid or volunteer, working at City School of Languages must know the name of the Designated Safeguarding Officer (DSO). All staff, paid or volunteer, have a duty to report any safeguarding concerns to the DSO.

I have read, understand and agree to abide by the Safeguarding Policy, Procedures and Guidance for Safe Working' Practice and the Protection of Children (Under18s) 2014.

- Assume, paraphrase or offer alternative explanations.
- Promise to keep secrets or that everything will be OK. You cannot guarantee this.

If there is, or seems to be, immediate risk to a child or children, contact the police directly. The parents or carers of the child will be contacted as soon as possible following advice from the relevant local authority department.

Other members of staff should only be notified on a need to know basis.

Internal enquiries and suspension

The manager responsible will immediately remove the adult from contact with students pending further police and social services inquiries. In accordance with the findings of those inquiries, the Designated Safeguarding Officer & Principal will assess all individual cases to decide whether a member of staff or volunteer can be reinstated and how this can be sensitively handled. The welfare of the child should remain of paramount importance throughout.

Allegations of previous abuse

Allegations of abuse may be made some time after the event. Where such an allegation is made, the school will follow the procedures detailed above and report the matter to the local authority or the police as other children, either within or outside the school, may be at risk from this person.

Anyone who has a previous criminal conviction for offences related to abuse is automatically excluded from working with children.

Action if bullying is suspected

Support to deal with the aftermath of abuse

Use of help-lines, support groups and open meetings will maintain an open culture and help the healing process. The British Association for Counselling directory is available from the British Association of Counselling, 1 Regent Place, Rugby, CV21 2PJ, Tel: 01788 550899, Email: bac@bacp.co.uk, Internet: www.bacp.co.uk

1.1.9. Other Welfare Considerations

Illegal drugs and alcohol

If there appears to be illegal drinking in or around the school, or you see anyone taking drugs, giving them to others or being given them you should follow the procedures below:

If they are a student

- Immediately deliver them to the Academic Manager or the Principal.
- Complete a detailed incident report.
- Be alert and aware to any other similar incidents amongst their peers.

If they are a visitor

- Do not apprehend the person.
- Stay within reasonable distance as a barrier between them and the children.
- Usher away any students discreetly.
- Contact the police.
- Inform the Principal immediately.

If they are a member of staff

- Stay within reasonable distance, preventing them from contact with any students.
- Immediately contact their line manager.

Protecting yourself from false accusation

It is important, when working with children, to also ensure your own personal safety. This includes protecting yourself from false accusations. The following guidelines exist to protect you:

Avoid being alone with a child wherever possible.

- Never enter a student's room without reasonable cause
- Never enter a student's room without another member of staff. At least one staff member must be of the appropriate gender.
- Never agree to keep a secret for a student.
- Complete incident reports – any inappropriate behaviour of any nature should be recorded on an incident report.

Communication with students including use of mobile phones, email, social media, etc.

Staff may join the company Facebook group and other company social media and message the students collectively. However, no personal messaging of any kind is allowed during or following employment. This includes, but is not limited to, texting, emailing, messaging through social media and telephones.

1.1.10. Promoting Good Practice

Child abuse, particularly sexual abuse, can arouse strong emotions in those facing such a situation. It is important to understand these feelings and not allow them to interfere with your judgment about the appropriate action to take.

Abuse can occur within many situations including home, school and other youth sector environments. Some individuals will actively seek employment or voluntary work with young people in order to harm them.

All suspicious practice shall be reported following the guidelines in this document.
